Dr. Stuart Turvey is a Pediatric Clinical Immunologist and Professor of Pediatrics at The University of British Columbia, holding a Tier 1 Canada Research Chair in Pediatric Precision Health. His research focuses on childhood immune deficiency diseases, asthma, allergies, and autoimmunity. Dr. Turvey is internationally recognized for his research in developing precision health-based strategies to address childhood asthma and pediatric immune system disorders, and he is a highly effective mentor for the next generation of child health clinician-scientists.

Hosted By: Dr. Aleixo Muise
